ALSO BEING PLANNED: Leg Dissection, Parasites & Disease lectures... Test dates Bs – Aug 6-8, Aug 20-22, *HA Aug 11-13,* A Aug 13-15 *HELP WILL BE NEEDED FOR HA & A!!

As discussed, voted & passed at the meeting;

Mandatory – Testing ULs must make it for Mt Holyoke (or must let Deb Maietta know by May 15th so we can make alternate arrangements). Remaining clinics are strongly suggested... Whether testing or not, all C3s and above are invited, and encouraged to attend.

Kingsbury Hill – critical for those who have not done a National Testing before and have signed up to test. Kingsbury Hill gives pc members an outside look & gets them going.... Mt Holyoke – one of the most comprehensive preps offered anywhere in the country. Pony club members need this kind of feedback to fine-tune their remaining self-prep. Both clinics are HUGE bonding experiences for the ULs in the local regions. This year C2s will be allowed to come in at end of the Mt Holyoke with the CNER ULS, so that we can continue to build the relationships that have started to grow w/unmounted & other preps. Expected costs for Kingsbury approximately \$275. Mt Holyoke cost estimate \$150 per day for 3-4.5 days for ULs, 1-2 days for C2s. Mt Holyoke does not include dinner, hotel.
