## NOTES FROM THE REGION

The Region is starting to leap into action with the beginning of spring. We held the first rally of the season this past weekend. There were just under 50 competitors for Quiz and we have several teams potentially headed for Championships in Kentucky. Thanks go to Amanda Ellis and her team for once again hosting a super Rally.

The HB, C3, and UL prep programs are moving right along. Applications have gone to the National Office and candidates are beginning to get serious about their upcoming ratings. We will be hosting the HB and the C3 and B tests at UNH this summer. The region has held a number of preps already this year and more are planned for both mounted and unmounted sessions. All level appropriate members are welcome to attend.

Rockingham PC is hosting a mock rally on the 16<sup>th</sup> and has extended an invitation to all interested clubs. This is a great way for new members to experience a rally for the first time,

without having the responsibility of dealing with a pony. Please contact Karen Marcotte for more details.

Please be sure to check the CNE website often for updates and additional information. Rally updates and entry forms, schooling shows, educational opportunities and much more can be found at <http://cne.ponyclub.org>.
